HORTON'S ICE CREAM is always pure, rich and delicious. French and American, all flavors.
DEPOTS: 498 5TH AVE., 495 & 632 FULTON ST., B'KLYN. 305 FOURTH AVENUE, NEW YORK.

FROM THE SCIENCE OF HEALTH.

OPEN FIRES.—In every home there should be at least one open grate, or some other arrangement for burning wood or soft or hard coal. A fire which can be seen as well as felt—a cheerful, bright, blazing fire, with shovel and tongs—and fender too, if you please—which will attract the family by its social influences, is a grand thing in a home. Those black, grim, tartarean flues, filled with the stale odors of cellar and hot-air chamber and seething water-tank, and emitting clouds of pulverized ashes to cover your furniture and stifle your lungs, are among the greatest banes of family enjoyment and comfort. It is all well enough to have one's dwelling warmed from top to bottom, and to have no coals to carry beyond the furnace, but this heating system has done immense mischief to the family powers, scattering the members of it all over the house, and furnishing not one attractive spot in which the inmates will gather, as by instinct they do, to enjoy the cheery comfort of the fireside. There is no fireside in most of our modern houses. There are only holes in the floor or in the walls. And we are disposed to think that the good ventilation of the open fire adds not a little to the unconscious blessings of its hospitable and domestic influence. The sight of the little folks, as they sit musing and amused while the wood fire burns, and watching the fantastic flames and the glowing coals, is worth many times the cost of that cord of hickory or oak at city prices; and a wise household would rather part with the furnace which that bright blaze supplements and atones for, than with the low grate which makes the family circle a real thing. Try it, ye who can, and see if the moral, æsthetic, and domestic power of this style of home comfort is over estimated.—*The Science of Health.*

We show a remarkably artistic and attractive line of mantels and open fireplaces, fire-brasses and all other chimney-piece appurtenances for the mantel and open fireplace. Our workmen are artisans and our designers are equal to the best.

LOUIS RUPPERT, D. D. S., MANAGER.

KISSICK'S

WELL-KNOWN

BUSINESS COLLEGE

THE best in Brooklyn for thorough instruction and training of Young Men and Women for Business—day or evening. The Institution occupies the entire College Building, lighted on all sides, in a select and central neighborhood.

..... 45 to 51

ASHLAND PLACE,

Formerly Raymond Street,

Between Fulton and DeKalb Avenues, seventh house from Fulton, and convenient to all the lines of cars on Fulton Street, also to Third, Fifth, Seventh, Atlantic and Flatbush Avenues. The Long Island Railroad Depot and the Kings County Elevated Stations (Lafayette and Flatbush Avenues), each two short blocks from the College. The Crosstown, Myrtle and Vanderbilt Avenue cars are also convenient, and now, by means of the transfer system, we are convenient to all parts of Brooklyn and Long Island.

THE COMMERCIAL COURSE in this Institution includes any branch required to prepare the pupils thoroughly for Business. Spelling, plain, rapid Business Writing, Arithmetic, Correspondence, Business Forms, Book-keeping, etc., are the studies to which we give special and undivided attention. Day or evening.

TERMS : Per quarter—Day, $20 ; Evening, $15
Per year—Day, 60 ; Evening, 45

THE BOOK-KEEPING is thoroughly taught by expert practical Book-keepers. The terms Dr. and Cr. are fully explained ; the nature of *entries* defined, and *journalizing* elucidated, Ledger Titles, *closing* and *opening* books, *balance sheets* fully taught until the learner is enabled to grasp the subject as a connected whole.

EVENING SESSION. For the benefit of those who may be unable to attend during the day we hold an evening session from 7 to 9 o'clock. None too backward or too old to learn, as each student will be instructed separately or privately.

PENMANSHIP is taught by the Principal and his assistants. In removing Stiffness, Trembling of the Hand, and in making Good, Plain, Rapid, Graceful, Off-Hand Business Writers (Muscular Movement), they stand pre-eminent.

$8 per term; 25 lessons, $5.

COMMERCIAL ARITHMETIC embraces a complete knowledge of all the essential parts of Arithmetic.

WE ARE OFTEN ASKED, "What is required of those who want a thorough, practical business education?"

WOULD SAY: A desire to learn with perseverance, and the quality of holding on till the desired object is gained. Students with such qualifications can better their condition by being instructed and judiciously trained by competent, experienced gentlemen.

PREPARATORY DEPARTMENT. Where a thorough, liberal education can be had to prepare those who are not sufficiently advanced to enter the Commercial.

SEPARATE INSTRUCTION will be GIVEN TO THOSE WHO ARE BACKWARD, or whose early education has been neglected.

IN NO OTHER place is the comfort of the pupil more studied, and his moral training better attended to.

LETTER WRITING. This accomplishment has been so much neglected in our Seminaries, that it is rare to find a pupil who is capable of composing even a tolerable letter. But by our system the student is taught how to express his thoughts clearly and concisely with daily practice. To the diligent scholar we assure the ability to compose a letter that may be the means of bettering his condition or opening his way to prosperity, and reflect credit on himself and his teachers.

YOUNG MEN AND WOMEN would learn **Book-keeping, Stenography** and **Typewriting,** if they knew how we could aid them by securing lucrative employment (free of charge).

YOUNG MEN proposing to enter any College or Theological Seminary, to engage in any of the learned professions can receive thorough instruction; also Ladies and Gentlemen prepared for examination as teachers, etc.

LADIES' DEPARTMENTS. Separate apartments for Ladies and Misses, where they receive the same thorough instruction as gentlemen, in English, Commercial, Languages, Shorthand, Typewriting, etc.

THE BEST PLACE to learn Stenography is where they give thorough, separate instruction, and the services of an experienced, competent teacher to each pupil one hour every lesson. That can be found in Kissick's Business College only.

PHONOGRAPHY. Young Men and Women taught practically Shorthand Writing, fitting them for *verbatim* Reporting—one of the most lucrative professions of the age. Six practical Stenographers constantly employed by us day and evening. We guarantee to make thorough competent Reporters.

Class, $8; separately, $15 per term.

THOSE WHO WISH TO BE SUCCESSFUL in Phonography require a fair knowledge of English; especially to be good in SPELLING. The more liberal the education the better; but if any persons come to us deficient, they can have instruction till they become sufficiently intelligent and fully fitted to learn Shorthand that will enable them to procure good positions that pay well. Phonography can be learned thoroughly and practically in 80 lessons. Speed from 100 to 150 per minute by our method of separate instruction (no failures).

TYPEWRITING. There is a special demand for Stenographers who can transcribe their Shorthand notes on the Type-writer. The demand for good operators is constantly increasing.

$10 per term.

DEPORTMENT. The discipline of the Institution is mild, but effective. We rule by love, and not by fear. The Principal and his assistants appeal to the student's sense of gentlemanly propriety and behavior; yet prompt and cheerful obedience will be insisted upon, and no insubordinate person will be retained in the College.

THE ENGLISH COURSE consists of **Reading, Writing, Spelling, Grammar, Composition, Arithmetic** and **Letter Writing.** Merchants and business men will agree with us, when we say that besides Penmanship, Arithmetic, Business Forms and Book-keeping—important as these unquestionably are—there are other things, without a knowledge of which, a good business education cannot be considered as complete. Among these we would particularly mention correct Spelling, Punctuation, and a sufficient acquaintance with the rules of Grammar and Composition to enable the student to compose either a good letter, business card or advertisement. For the acquisition of these accomplishments the ambitious student will find in our Institution the most ample facilities.

The full English Course, per term, days, $25; evenings, $20.

One year, $60 to $75.

PARENTS EDUCATE YOUR DAUGHTERS, that (if necessary) they may be self-supporting.

ASSISTANTS. They are teachers of unquestioned ability and experience.

NO INSTITUTION can excel us in giving good attention and thorough instruction to each student, and none equal us in moderate prices.

For good attention, thorough instruction and kind treatment, there is no better Institution than KISSICK'S BUSINESS COLLEGE.

STUDENTS CAN COMMENCE ANY TIME, DAY OR EVENING.

College open for Instruction, Visitors and Applications from 9 A. M. to 3 P. M. Evenings, 7 till 9.
